

QUICKLY SERVE FRESH MADE-TO-ORDER EGGS

The Egg Station with Dual Zone (ESDZ-1200) features two independent cooking areas allowing you to quickly prepare fresh eggs throughout the day.

The ESDZ-1200 has a heated, machined grill surface to cook the eggs while the non-stick rings give the product its shape. Steam is created under the pivoting cover that is lowered over the rings. As water is poured into the troughs on the cover, it drips down onto the platen, which produces steam to keep the eggs moist as they cook.

Independent Temperature Control

Independent heating element with temperature control for the front and rear areas.

Pre-programmed Cook Times

Timer features two channels that each include four pre-programmed cook times to handle a variety of different products.

Small Footprint

Small footprint to easily fit into any operation.

**Serve perfectly cooked eggs made-to-order
from the smallest footprint in your kitchen.**

Model: ESDZ-1200 Egg Station with Dual Zone

COOKING TIMES

Six 3-inch Round Eggs
Room temperature - 120 seconds
Refrigerated - 150 seconds

One 8-inch Omelet
Room temperature - 120 seconds
Refrigerated - 150 seconds

**Serve perfectly cooked eggs made-to-order
from the smallest footprint in your kitchen.**

Model: ESDZ-1200 Egg Station with Dual Zone
