

Gold Standard Toaster | GST-2H

QUALITY, RELIABILITY, AND CONSISTENCY

The Antunes Gold Standard Toaster (GST-2H) provides operators with quality, reliability and consistency in their toasting platform – all in a compact footprint.

The GST-2H model utilizes dual-belt technology that cradles buns as they move along the heat source, controlling quality by eliminating defects such as sticking, slipping and bun marking. With continuously moving belts, operators can immediately load product as needed. The energy efficient design minimizes costs, ensures consistency with every order.

Easy-to-operate

Versatile control panel for quick adjustments to toast quality.

Energy-Efficient

Delivers a hot, toasted bun while providing up to 30% energy savings compared to other toasters.

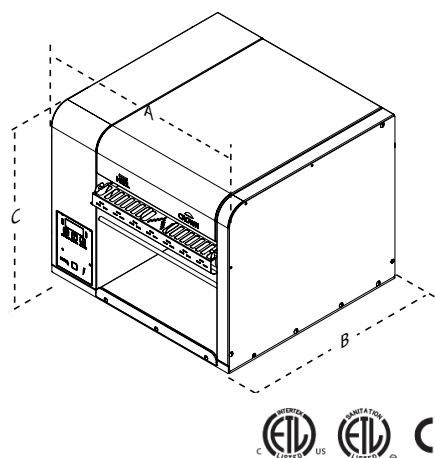

Fully Customizable

Programmable controls allow users to make adjustments to platen heater temperature and motor speed.

Gold Standard Toaster 2H, GST-2H

Gold Standard Toaster | GST-2H

Features:

- Space saving horizontal design
- Energy efficient design prevents outside surface of toaster from becoming hot and reduces heat loss
- **Saves on energy compared to other toasters – up to 30% savings**
- Control quality by eliminating defects such as sticking, slipping and bun marking
- Minimize downtime with continuously moving dual lane belts
- Set your standard with easy to operate control panel for quick adjustments to toast quality
- Independent heel and crown compression settings

GST-2H
